Powerful Parables to Remodel Your Life

The parables Jesus gave are a distillation of the teachings of all the great mystical traditions and mystery schools. Though predominantly an extension of the Jewish mystical teachings –from the Essenes and Kabbalah... they contain the classic initiations and core “secrets” of all the great mystical traditions.

The parable stories are carefully constructed messages arranged within a sequence that has the power to activate your innate and God-given power. Jesus offers very specific directions for how you can arrive at a state of personal evolution in which you can heal disease, manifest more abundant material circumstances, and even to know and communicate with divine intelligence.

As we review the stories, they will awaken your ability to accomplish miraculous things that you cannot, in your current state, even begin to imagine. For the parables are the way the teacher gave us that would allow us to perceive as he perceived, to think as he thought, and do as he did. Join us for this marvelous Sunday series beginning June 8th.
